For attention of Ms Hardy

Dear Amy

Re: P/26/1276/AD At Oast & Squire 2 Peak Lane Fareham PO14 1RJ

Installation of illuminated and non illuminated signage

Thank you for the consultation on the above application. The Highway Authority would like to make the following comments. The application seeks advertisement consent for the erection of five signs, illuminated and non-illuminated.

The Highway Authority raise no concerns regarding the location of any of the proposed signs, and note from the plans that the maximum illuminance of the illuminated signs would be 250 cd/m², which is considered acceptable in highway safety terms. This will be secured through an appropriate planning condition.

Condition:
The illumination of the approved signs shall not exceed 300 candelas per square meter (cd/m2), and no light source shall be directly visible from the public highway.

Reason: In the interests of highway safety.

Yours faithfully,

Thomas Willcox
