# **NALL ABOUT**

#### Where is Fareham?

US

Fareham is located in an area of some 30 square miles along the south coast of Hampshire between Portsmouth and Southampton with a population of 116,000.

With the town at its centre, the Borough covers the wards of Fareham, Portchester, Stubbington, Hill Head, Titchfield, Park Gate, Warsash, Locks Heath and Sarisbury.

Fareham's origins go back to a small settlement that was developed before Roman times around a crossing point of the River Wallington, close to the top of the present day High Street. The Romans came to the area in about AD43 and built a large fortress at Portchester, to shelter their garrison and defend Portsmouth Harbour (its ruins can still be seen).

#### What Does The Council Do?

Fareham Borough Council's aim is to make Fareham a prosperous, safe and attractive place to live and promoting economic, social and environmental well-being and sustaining the quality of life that Fareham residents have come to enjoy.

The Chief Executive Officer is responsible for the overall co-

ordination and management of Fareham Borough Council's services. He is supported by four departments which all carry out a wide range of services. The majority of the departments are located in the Civic Offices, at the heart of the town

#### **Political Issues**

The Council is currently made up of 31 councillors. The Borough is divided into 15 wards and there are 2 councillors representing each of them, except Portchester East which has 3 councillors as it has a larger population.

Each councillor is elected for a 4 year term of office. Elections are held every two years, with one half of the Council seats elected each time. There are currently three political groups within Fareham Borough Council; Conservative, Liberal Democrats and an Independent Group.

# **Financial Management**

Fareham has a long history of prudent financial management which has been the subject of favourable comments from the Council's external auditors over many years.

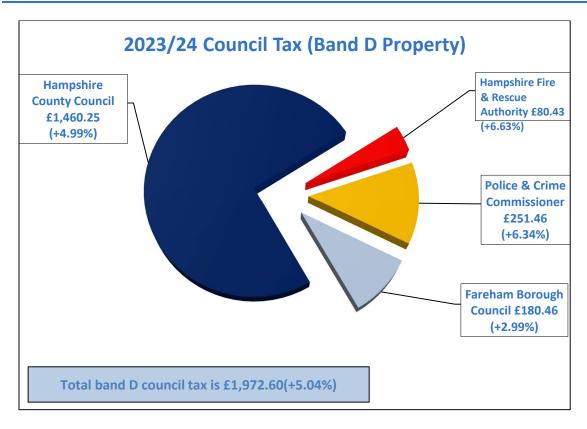

The main focus is the Council's medium term finance strategy. The overall objective is to structure and manage the Council's financial resources to ensure that they match and support the direction of the Council's Corporate objectives while at the same time the strategy must ensure that the requirement to set a balanced budget is fully met and that the Council is able to respond to year-on-year changes and short-term service delivery issues.

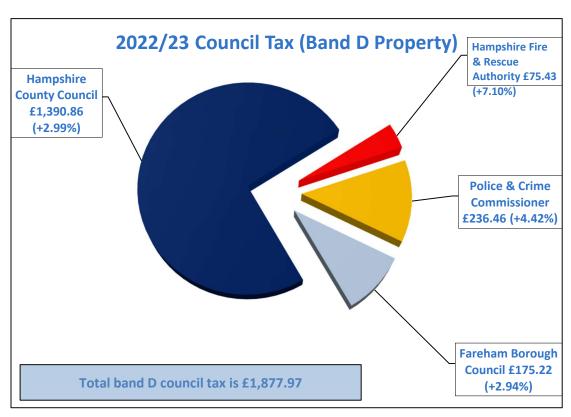

This can be difficult to achieve when faced with changes to government funding, an increasing population, increasing aspirations of residents, and more recently the turbulent economic conditions in which the Council operates.

Most importantly though, there are a number of fundamental principles that are followed by the Council and which form the basis of the finance strategy and which are key to the Council's approach to financial management.

The following pages set out the Council's budgets for the financial year 2023/24 which have led to setting a Band D council tax of £180.46 which has been increased in line with Government expectations.
