

# One Community Fareham Borough Corporate Opportunities Autumn 2016

## CURRENT CORPORATE PROJECTS NEEDING YOUR TEAMS OVERLEAF

### It's OFF to Work we go!

**PORTCHESTER**  
COMMUNITY CENTRE

A large group of employee volunteers from Lloyds Segensworth helped transform areas around the Portchester Community Centre. They created a beautiful new usable space sensory garden as well as gave support to a children's project within the community centre.

On a very fine day in September One Community wanted to spread the word of a major Community Event and advertise some of our services. The team worked really hard and not only handed out hundreds of fliers they also engaged with people in the community and met various volunteers from different charities.

Fareham Borough Corporate Connections through One Community in 2016 have included:

- Gardening in 2 different community centres
- Decorating in an another community centre
- Improved visitor experiences at major heritage site
- Assisted with IT skills for a national charity
- Supported a charity shop
- Helped at community events
- Engaged in fundraising activities
- Marketed events and encouraged volunteers
