

THE WISE GUIDE

**A directory
of useful
contacts for
our older
residents**

FAREHAM
BOROUGH COUNCIL

Welcome to The Wise Guide

Fareham Borough Council has provided this directory of useful contacts to help older residents stay healthy independent, social and active.

It is estimated that one in every eight households across Hampshire is occupied by a pensioner living alone and Fareham has experienced the largest rise of residents aged over 85 across Hampshire in the last 20 years. Loneliness and social isolation can be a problem for some older people, so The Wise Guide has been produced to help them to remain active and

engaged in their community and reduce isolation and loneliness.

While you may not fall into this age bracket or feel you need this directory of contacts yourself, the Council encourages you to share the details of this publication with friends, family and neighbours who may find it useful.

Thank you.

Information correct at time of publication and will be reviewed annually.

Important Organisations
