

Barrier Operated Carpark Free Entry/Exit

Conditions of Use

- 1) Free entry into the car park may only be used when the Blue Badge holder is present with the vehicle.
- 2) If the Blue Badge holder is not present with the vehicle and the barrier raises on entry, the driver must contact Parking Services using the intercom on one of the pay stations within the car park to pay for parking as normal.
- 3) If you park your vehicle within a marked Disabled bay, you must clearly display your Blue Badge.
- 4) You must, at the request of a Civil Enforcement Officer, produce your Blue Badge. Failure or refusal to produce the Blue Badge will result in the cancellation of free parking.
- 5) If, during the period that your Blue Badge application is valid, you change your vehicle, please contact Parking Services on 01329 236100 or email parkingservices@fareham.gov.uk to update your application.

Please note:

Frequent spot checks will be carried out by the Civil Enforcement Officers at any time without prior notice. The car park is monitored by CCTV cameras and an Automatic Number Plate recognition system that pairs the vehicle with the Blue Badge application.
