**Subject:** Titchfield neighbourhood plan

Dear Sirs,

I write to express my severe reservations regarding the veracity of certain facts presented by the Titchfield Forum in relation to their proposed Neighbourhood Plan.

In particular I refer to the recently circulated news letter issued by the Forum to village residents which I believe contains totally incorrect information regarding the core element of the plan, ie housing needs.

The news letter informs residents that the forecast housing provision included within the plan was decided by a "Government Agency" and "not by the Forum".

This statement is incompatible with the fact that the Forum engaged the services [REDACTED] [REDACTED] Aecom, to produce a housing needs assessment, at very considerable cost to public finances.

In June 2017 this same company produced a housing needs assessment for St Stephens Parish, Billinghamurst.

This report appears to have been recycled, albeit with adjustments, and re-dated August 2018, as the housing needs assessment for the Titchfield Neighbourhood Plan.

This is evidenced by the fact that every one of the 64 pages of the HNA in the Titchfield plan carries the heading of the original commissioning organisation, "St Stephens Parish Council."

It would seem therefore that by [REDACTED] [REDACTED] claiming that the Titchfield HNA has been the work of a government agency there has been a degree of economy with the truth concerning the most fundamental element of the Neighbourhood Plan.

Your truly,
