Q4 **Comments**

I think the Plan far exceeds the framework for a NP. I do not agree that the plan should propose how many new dwellings be built yet offers no solution to where to build them. The Plan also covers topics not allowed in the guidance.

Q5 What improvements or modifications should be made to the neighbourhood plan?

(You will need to say why this change will enable the Plan to proceed. It would be helpful if you could provide revised wording of any policy or text. Please be as precise as possible.)

Despite FBC commenting on the draft report and suggesting that irrelevant sections be removed, they remain. I think the Plan as written may well appear to have more influence than it actually does. If there is a referendum, I don't think those voting will be presented with a workable plan. Therefore the Plan should focus only on what a Plan is designed for.

Q26 If a hearing is held by the independent examiner would you like to participate?

- Yes
- No

Q27 Please outline why you consider your participation is necessary:

I have lived in the village for some 34 years and been involved with lots of activities over those years. I respect the effort put in by the Forum but I don't think it has been democratic and I don't think the Plan represents the views of all the village encompassed by an arbitrary boundary. I would be happy to put my views across at a hearing.

Q28 Would you like to be kept informed of the progress of the neighbourhood plan?

Yes

No
