

Q1 Your details

Please provide your personal details in full in order for your representation to be taken into account at the examination:

First Name [REDACTED]
Last Name [REDACTED]
Address [REDACTED]
Post Code [REDACTED]
Telephone -
Email Address [REDACTED]
Organisation (if applicable) n/a, these are my views and not linked to any organisation

Q2 Make a representation

Please try to make sure your comment relates to whether the draft plan meets the basic conditions.

What are you commenting on?

Paragraph Number

Policy Reference

Other (Please provide details) Community Aspiration HT4

Q3 Do you support, oppose or wish to comment on this paragraph?

- Support
- Support with modifications
- Comment
- Oppose

Q4 Comments

The canal path should be left as it is. Resurfacing the path at the Bridge Street (and southern) end has resulted in an increase in dog walkers in particular - this includes a large amount of dog fowling centred around the top section. More dogs and people means more wildlife disturbance. Some of the notable species use the trees, reeds and other vegetation that is on or adjacent to the path itself (not the fields) and they do suffer from the increased disturbance. Dogs also contribute to erosion of the Titchfield canal and impact the quality of it. It is a Site of Importance for Nature Conservation so more should be done to protect it and prioritise it over dogs. There are plenty of other areas (e.g. parks) for dogs to be taken to. The canal path is also narrow but borders designated areas and priority habitats so should NOT be widened. It is time also to fence off the whole of the Titchfield canal SINC - there is already some fencing - as this should help protect it for future. Water Voles are one of many species that use the canal. They are more important than dogs.

Q5 What improvements or modifications should be made to the neighbourhood plan?

(You will need to say why this change will enable the Plan to proceed. It would be helpful if you could provide revised wording of any policy or text. Please be as precise as possible.)

There should NOT be a commitment to resurface the whole of the Titchfield canal path. It is a sensitive area, also prone to flooding (but this is natural given the location) so leaving it as a dirt track is better financially too. Also, please do NOT make the canal path a cycle track - I agree with the proposal to direct cyclists elsewhere. Please put the "no cycling" signs back! I believe that trying to "improve" the canal path would go against the commitment to protect SINC's based on the way the SINC is currently treated.

Q6 Would you like to comment on another part of the Titchfield Neighbourhood plan?

Yes

No

Q7 The part of the plan to which your representation relates

Paragraph Number

Policy Reference

Other (Please provide details)

Q8 Do you support, oppose or wish to comment on this paragraph?
