Dear Ms Jones-Hughes,

## **Fareham Local Plan Part 2 – Post-hearing Consultation**

I am writing in response to the post-hearing consultation on the actions requested by the Inspector, or suggested by the Council, that arose as a result of the examination hearings.

The County Council can confirm that it is content with the revised wording of the supporting text and modifications to Policy DSP49 shown in sections 2 and 3 of Examination Document DCD-26. The modifications are considered to satisfactorily represent the County Council's latest position regarding the schemes at Newgate Lane South and the Stubbington bypass.

The County Council is also satisfied with the modifications to the proposals map, shown in Appendix 1 of DCD-26 which depict the safeguarded routes for these schemes.

Yours sincerely,

*Heather Walmsley*
