- Schedule of Main Modifications proposed to the Development Sites & Policies Plan

Representations should relate only to the Main Modifications and should not seek to repeat previous representations or request further changes to the published plan. Representations on Main Modifications need to focus on the grounds of soundness and legal compliance as set out in National Planning Policy Framework – namely that it is:

- **Positively prepared** – the plan should be prepared based on a strategy which seeks to meet objectively assessed development and infrastructure requirements, including unmet requirements from neighbouring authorities where it is reasonable to do so and consistent with achieving sustainable development;
- **Justified** – the plan should be the most appropriate strategy, when considered against the reasonable alternatives, based on proportionate evidence;
- **Effective** – the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities; and
- **Consistent with national policy** – the plan should enable the delivery of sustainable development in accordance with the policies in the Framework.

Please provide comments on why you consider the Council’s proposed Main Modification(s) to the Development Sites & Policies Plan (as you have specified above) to not be legally compliant or unsound.

I remain utterly at a loss as to why Fareham is wasting millions of pounds in the pointless pursuit of a bypass that will solve nothing. The bypass will just move the bottleneck and make traffic at the Titchfield Gyratory even worse than it already is. You are solving nothing, making other areas worse and destroying the countryside while you do it. The Fareham plan is supposed to stop this sort of destruction, not get modified to make way for it. How much money is going to pour into contractors grubby little mitts? Money that could pay for social services instead of unnecessary roads. Is this just a ploy, a destruction of the countryside to then be used as a justification for ill-place and badly conceived housing .
