The Planning Inspector, Local Plan Examination
Planning Strategy
Fareham Borough Council
Civic Offices
Fareham
PO16 7AZ

Dear Sir

**LAND AT A27 AND STATION ROAD JUNCTION -
DMM 25 - DEVELOPMENT SITES AND POLICIES PLAN -
PROPOSED MODIFICATION**

I object to this site being allocated for development on the following grounds.

This land is adjacent to a major road junction and there is a large amount of traffic travelling in both directions on Station Road and the A27 junction. Development of this site will only increase the amount of traffic.

The council proposal for around 15 units of up to 3 storeys is an over development of this site and is out of keeping with the properties nearby as most are bungalows and two storey houses.

If a decision is taken to include this site for older persons accommodation then provision should be made for at least 1 car space per unit plus visitor parking as both The Crossway and The Leaway are already congested during the day.

The late inclusion of this site has denied us an opportunity to have spoken or be present at the Examination when this proposal was discussed.

Finally I wish to object to the allocation of this site for future development and wish it to remain as an open space.

Yours sincerely

Mr J and Mrs M Savage
