Part B – Comment section for Main Modifications

You will need reference to the following document to make a comment:

- Schedule of Main Modifications proposed to the Welborne Plan

Representations should relate only to the Main Modifications and should not seek to repeat previous representations or request further changes to the published plan. Representations on Main Modifications need to focus on the grounds of soundness and legal compliance as set out in National Planning Policy Framework – namely that it is:

- **Positively prepared** – the plan should be prepared based on a strategy which seeks to meet objectively assessed development and infrastructure requirements, including unmet requirements from neighbouring authorities where it is reasonable to do so and consistent with achieving sustainable development;
- **Justified** – the plan should be the most appropriate strategy, when considered against the reasonable alternatives, based on proportionate evidence;
- **Effective** – the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities; and
- **Consistent with national policy** – the plan should enable the delivery of sustainable development in accordance with the policies in the Framework.

Please provide comments on why you consider the Council’s proposed Main Modification(s) to the Welborne Plan (as you have specified above) to not be legally compliant or unsound.

Although the modification to the plan now places the secondary school in the centre of the development, it is mentioned that the old site vacated by the secondary school will be filled by a primary school. What is not clear is whether or not the Knowle Triangle will be kept free from *any* development (including playing fields), and all buildings and outdoor areas for the whole of Welborne will be kept on FBC land, and outside Knowle Triangle. This modification is required for clarification.

I would like it made clear where allotments will be located within the development. The quote of a distance from existing development is not clear enough.

There isn't enough clarity on the location of the waste collection site. The assumption is that it will be placed in the 'Employment Land', as it is out of the way of residential development, and will also require employees to run and maintain the site. This needs to be made clear.
