Part B – Comment section for Main Modifications

You will need reference to the following document to make a comment:

- Schedule of Main Modifications proposed to the Welborne Plan

Representations should relate only to the Main Modifications and should not seek to repeat previous representations or request further changes to the published plan. Representations on Main Modifications need to focus on the grounds of soundness and legal compliance as set out in National Planning Policy Framework – namely that it is:

- **Positively prepared** – the plan should be prepared based on a strategy which seeks to meet objectively assessed development and infrastructure requirements, including unmet requirements from neighbouring authorities where it is reasonable to do so and consistent with achieving sustainable development;
- **Justified** – the plan should be the most appropriate strategy, when considered against the reasonable alternatives, based on proportionate evidence;
- **Effective** – the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities; and
- **Consistent with national policy** – the plan should enable the delivery of sustainable development in accordance with the policies in the Framework.

Please provide comments on why you consider the Council’s proposed Main Modification(s) to the Welborne Plan (as you have specified above) to not be legally compliant or unsound.

This development must not proceed. Roads are very congested in east, south and west already and further developments in the South Hampshire corridor will make transport so difficult that businesses will not come to the area and many existing businesses will leave. The local workforce will be spending much more time going to and from their workplaces causing stress, lost time at work and atmospheric pollution. One aspect which seems not to have been addressed in the Plan is the provision of healthcare. QA hospital is already in overload with the current population and with developments planned and under construction this will get much worse.
