- Schedule of Main Modifications proposed to the Welborne Plan

Representations should relate only to the Main Modifications and should not seek to repeat previous representations or request further changes to the published plan. Representations on Main Modifications need to focus on the grounds of soundness and legal compliance as set out in National Planning Policy Framework – namely that it is:

- **Positively prepared** – the plan should be prepared based on a strategy which seeks to meet objectively assessed development and infrastructure requirements, including unmet requirements from neighbouring authorities where it is reasonable to do so and consistent with achieving sustainable development;
- **Justified** – the plan should be the most appropriate strategy, when considered against the reasonable alternatives, based on proportionate evidence;
- **Effective** – the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities; and
- **Consistent with national policy** – the plan should enable the delivery of sustainable development in accordance with the policies in the Framework.

Please provide comments on why you consider the Council’s proposed Main Modification(s) to the Welborne Plan (as you have specified above) to not be legally compliant or unsound.

Has any consideration been given to the impact on the M27 traffic(eastbound and westbound) during peak times? Traffic during these hours is already considerable and journey times are unnecessarily long. Increased traffic of 6,000-10,000 cars will only make the situation worse. Therefore, are there any plans by the Local Council and/or County Council to improve journey times on the M27? e.g. Lane widening, controlled speed limits.
