Representations should relate only to the Main Modifications and should not seek to repeat previous representations or request further changes to the published plan. Representations on Main Modifications need to focus on the grounds of soundness and legal compliance as set out in National Planning Policy Framework – namely that it is:

- **Positively prepared** – the plan should be prepared based on a strategy which seeks to meet objectively assessed development and infrastructure requirements, including unmet requirements from neighbouring authorities where it is reasonable to do so and consistent with achieving sustainable development;
- **Justified** – the plan should be the most appropriate strategy, when considered against the reasonable alternatives, based on proportionate evidence;
- **Effective** – the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities; and
- **Consistent with national policy** – the plan should enable the delivery of sustainable development in accordance with the policies in the Framework.

Please provide comments on why you consider the Council’s proposed Main Modification(s) to the Welborne Plan (as you have specified above) to not be legally compliant or unsound.

Sorry but the whole area is too large, too many houses that will not be any more affordable than any others to be truthful, too much extra traffic - the M27 is a car park in the morning rush hour already so how you think you are going to MINIMISE that is more to do with the ideals that exist in council planners heads than anything else. Lets just hack down the English countryside for the sake of someone’s greed. I daresay someone in the Council gets a backhanders for this.
