Representations should relate only to the Main Modifications and should not seek to repeat previous representations or request further changes to the published plan. Representations on Main Modifications need to focus on the grounds of soundness and legal compliance as set out in National Planning Policy Framework – namely that it is:

- **Positively prepared** – the plan should be prepared based on a strategy which seeks to meet objectively assessed development and infrastructure requirements, including unmet requirements from neighbouring authorities where it is reasonable to do so and consistent with achieving sustainable development;
- **Justified** – the plan should be the most appropriate strategy, when considered against the reasonable alternatives, based on proportionate evidence;
- **Effective** – the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities; and
- **Consistent with national policy** – the plan should enable the delivery of sustainable development in accordance with the policies in the Framework.

MM3
50 m is shouting distance, hardly a buffer.

MM14
All infrastructure should be put in place prior to housing/business etc.

MM22
All infrastructure should be in place prior to development of housing & business. This should include adequate transport and hospital facilities for the final development quota of beings. Current facilities do not meet current requirements. It is not acceptable for a journey of 7 miles to take in excess of 45 minutes during rush hours, nor is it acceptable to have to wait 11 hours for an ambulance, or propose such a development as Welbourne when the serving hospital is unable to cope with current demands.
