Description of Proposed Works

Please describe the proposed works

I have maintained a small strip of unregistered land adjacent to my property for over 20 years. The council have confirmed that they do not have title to this land and consequently do not maintain it in that location. I request planning permission to extend the current boundary by relocating the fence permanently to enclose this small area making it formally part of the garden.

The non maintained area is from Downland Close street light Number 3, south toward the western side of the house for approximately 9M. The strip is not a uniform width, at a little over 1M at its widest point and a little under 1M at its narrowest. For aesthetic purposes the fence would extend to 14M to relocate the existing garden gate past the kitchen window.

The fence would be featheredge construction consisting of 6 concrete posts and 5 gravel boards with a finished overall height including gravel boards of 1.98M (6'6").

Biodiversity net gain

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'biodiversity gain condition' requiring development to achieve a net gain of 10% of biodiversity value.

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

☒ It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

Details of the pre-application advice received

Confirmation that planning permission would be required. No 7 Downland Close has moved thier boundary next to a public footpath and therefore without prdudice the proposal would be likely to recive a favourable recommendation. The advice given does not constitute a guarantee about the decision, which will be subject to wider consualtation during the planning process.

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
