Use of your information

The Council has a duty to make all written comments received available for public inspection. Please be aware that all comments can be inspected at the Civic Offices or on the Council's website.

Comments should only deal with the application and not other personal matters.

The Council publishes copies of all the representation it receives onto the website. Your name and address will be displayed, but your telephone number, signature and email address will not be published. It would be helpful if you did not include these details in your letter unless absolutely necessary.

You may wish to contact your local Councillors to let them know your views. Although those on the Planning Committee may not be able to give you their opinion beforehand, they may be in a position to put your concerns to Committee.

More details about how Councillors may help you or how you may make comments in person to the Planning Committee are set out in the leaflets "Ways of Commenting upon Planning Applications" and "Advice on how to comment about a Planning Application" that are available upon the Council's web site or from the Planning Reception at the Civic Offices.

If you have any questions about the planning application or about how decisions are made please contact the officer named at the top of this letter.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'Lee Smith'.
